

Adrian Carideo

adrian.carideo@uky.edu

(859) 319-8198

Education:

Bachelor of Science in Computer Science

University of Kentucky, Lexington, KY

Senior Standing

Projected Graduation: Winter 2019

Came into college with 26 hours of AP Credit, including Calculus AB, Calculus BC, Chemistry, Physics, and Biology. Passionate about hardware and software efficiency, and customer transparency and usability.

Skills:

- Windows and *nix Operating Systems and Administration
- Fluent in Java and C++
- Proficient in Python, PHP, HTML, JavaScript, and LUA
- Computer Networking
- Computer Hardware Design (including with Verilog)
- Assembly and Compilation of Source Code
- Android Development (Java)
- Team Software Engineering (Source Control, Continuous Integration, Testing)
- Customer Service and Retail
- Large-Scale IT Hardware & Software Solutions

Honors and Awards:

UK Provost Scholarship (\$1500/year): Awarded upon admission for high ACT score and High School GPA, when I was taking my first Calculus and Physics courses.

KEES (Kentucky Educational Excellence Scholarship, \$3048/year): Accrued from grades, AP Test scores, and ACT scores throughout my High School career in Kentucky, when I was taking my first Calculus and Physics courses.

Danville-Boyle County Alumni Association Scholarship (\$1000): Awarded to two High School graduates from the Danville-Boyle Country area attending UK, by UK's area Alumni Association, based on GPA, ACT scores, and an essay.

Experience:

Customer Service Representative – Speedway, LLC, Lexington, KY

April 2017 – July 2019

Multiple responsibilities across all store operations, including: Inventory, Stocking, Customer Service, Retail Upselling, Multitasking, Teamwork, and Leadership opportunities.

Political Canvasser – Block by Block via Kentucky Family Values, Lexington, KY

October – November 2016

Door to door political canvassing in Georgetown neighborhoods to advertise and collect data for a local politician running for reelection. Involved meeting quotas, documentation of interactions, and persuasive advertising for the candidate.

District IT Technician – Danville Independent School District, Danville, KY

May – August 2014, 2015, 2016

Assisted the District Technology staff with maintenance, replacement, and optimization of computer and network systems throughout the school district (seven schools and district Central Office). Position allowed exposure to many large-scale networking and system administration techniques, as well as direct experience in one-on-one technical support to teachers and staff.
